#### Description

I would like to have the possibility to order the "sortby" => "sorting" functionality.  
For some plugins it would be a good nice to have since the default view could be ASC or DESC for front end.  
It would be more logical for a BE user to see the same list as in the Front end by default.

It could look something like:  
'sortby' => 'sorting',  
'order' => 'ASC',

- Status changed from New to Needs Feedback

Pardon me for the question (and by the way for the so much late update too), but can't this one be addressed with default\_sortby ?

See: [https://docs.typo3.org/typo3cms/TCAReference/latest/Ctrl/Index.html?highlight=default\\_sortby#default-sortby](https://docs.typo3.org/typo3cms/TCAReference/latest/Ctrl/Index.html?highlight=default_sortby#default-sortby)

Or am I misinterpreting something? Is there a usecase that I am missing?
