

## Caretaker - Bug #6959

### Testservice HTTP plain - URL path empty breaks testexecution /result

2010-03-22 18:22 - Georg Kühnberger

<b>Status:</b>	Closed	<b>Start date:</b>	2010-03-22
<b>Priority:</b>	Must have	<b>Due date:</b>	
<b>Assignee:</b>	Georg Kühnberger	<b>% Done:</b>	0%
<b>Category:</b>	Tests/Operations	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Description</b>			
<p>- Using the Testservice HTTP</p> <p>- and not providing a "Request" &gt; URL path and query, but leaving this field empty, as stated in the Description "Empty for root request."</p> <p>- returns the following Testresult; State: Undefined Message: No HTTP-Code or no query was set</p> <p>Tests were done using latest versions from SVN + TYPO3 4.3.2</p> <p>I feel changing the "wording" wont do it, but rather fixing the case of "URL path" empty would be needed. regards georg</p>			

#### History

##### #1 - 2010-03-29 20:12 - Martin Ficzel

Did you edit the test-record after updating caretaker. The expected HTTP-Status moved to a different flexform tab so you have to resave the test-record.

##### #2 - 2012-11-23 17:54 - Tobias Liebig

- Status changed from New to Needs Feedback
- Assignee set to Georg Kühnberger

is this still valid? Cant reproduce.
