Revision 8c9dc75a - 2015-09-14 18:23 - Morton Jonuschat

[TASK] FormEngine: Remove name="foo[bar]_hr" from input fields

Update the handling of human readable fields so that the values are not being set and only the hidden field with the actual value is submitted.

This patch also updates the handling for the `_list` and `_mul` appendixes as these use the same methods and needed to be changed as well.

Resolves: #69672
Releases: master
