Description
Due to the FormEngine changes the database row has resolved properties and as the base field is a select box an array is returned. We have to adjust the itemsProcFunc to get its information from the array instead expecting a string.

[BUGFIX] Adjust itemsProcFunc for sys_filemounts

Due to the changes of FormEngine the folder selection of filemount
records always show the folders from fileadmin. This patch adjust the
script to handle the incoming (already resolved) database information.
