## History

### #1 - 2015-09-15 18:08 - Anja Leichsenring

To do something here, apply first thing the ModuleTemplate API patch (<http://forge.typo3.org/issues/69814>).

If you want to do rollouts for extbase modules, you need next the BackendActionController patch (<https://forge.typo3.org/issues/69842>).
