Description

We just happen to include the same FontAwesome icon styles that the AdmPanel is using.
Most style definitions in the admin_panel.css are prefixed with #TSFE_ADMIN_PANEL_FORM, except for one: ".fa:before".

On a second note... maybe renaming the AdmPanel font-family from 'FontAwesome' to something like 'Typo3FontAwesome' would be useful too. What would the implications of that be?

Ugh. Sorry... This seems to be fixed in the master branch.

Anyway: The (possible) issue with the introduction of a new font family that overrides existing definitions persists.

#2 - 2015-09-25 15:20 - Gerrit Code Review

- Status changed from New to Under Review

Patch set 1 for branch **master** of project **Packages/TYPO3.CMS** has been pushed to the review server.

It is available at <http://review.typo3.org/43569>
