

ke_questionnaire (RE-BAKE) - Bug #71834

Bug while adding more than one slider to the same page

2015-11-25 14:38 - Annette Twelsiek

Status:	Needs Feedback	Start date:	2015-11-25
Priority:	Should have	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		PHP Version:	
TYPO3 Version:	7		
Description			
If I put more than one slider on the same page, there is only the value of the last one changed, regardless of which slider has been moved!			

History

#1 - 2015-11-25 15:05 - Annette Twelsiek

- Assignee deleted (*www.kennziffer.com GmbH*)

#2 - 2015-11-27 15:11 - Annette Twelsiek

- % Done changed from 0 to 100

Seems that it has been corrected within ke_questionnaire version 3.0.44 :)

#3 - 2016-01-17 12:24 - N. Schwingler

- Status changed from New to Accepted

#4 - 2016-01-25 11:00 - N. Schwingler

- Status changed from Accepted to Needs Feedback

- TYPO3 Version changed from 6.2 to 7

Please check with the new version
