| Hi,<br><br>It seems that adding an image to the RTE htmlarea doesn't work.<br>Webuse TYPO3 7.6.2, the button "Insert image" is displayed but the image is not added to the bodytext.<br><br>Looks like the wizard is the "Link wizard" instead of "image wizard".<br><br>Best regards |                                  |
