Description

When the page is hidden after login the redirect dosen't work.

History

#1 - 2016-02-22 11:07 - Riccardo De Contardi

@Oliver: you mean that when you set the login page as "hide at login" the redirect does not work, right? UMMM... it seems this very old issue: <https://forge.typo3.org/issues/18819>

there is a workaround here, also: <https://forum.typo3.org/index.php?t=msg&goto=366435x%x%>
