**Description**

**How to reproduce**

1. Create an alternative page language for a page and give it a title
2. Via Page module > Columns view, select the language of the newly created alternative page language
3. Hover over the page title and the click on the appearing edit-icon
4. Update the page title value and press enter or click the save button

**Expected result**

The page title of the alternative page language field is being updated.

**Actual result**

The original page's title is set to the entered value while the alternative page language's title field remains untouched.
