Description			
Hi,			
Templates in "Include Basis Template" are complete ignored. After adding a Template in "Include Basis Template" the Template Analyzer & TypoScript Object Browser are empty! It makes it unusable :-)			
I am using the current git version of TYPO3 7.6 (16.10.16 - 20:00) Maybe is related to Bug #77711			
Best regards			

History

#1 - 2016-10-16 20:25 - Jonathan Starck

- Category set to TypoScript

#2 - 2016-10-17 10:22 - Jonathan Starck

- Subject changed from Template in "Include Basis Template" are ignored to [CLOSE] Template in "Include Basis Template" are ignored

- % Done changed from 0 to 100

It seems to be a Problem with my Instance and not with TYPO3.
