Description

Problem/Description

Suggestion by Daniel Lorenz: I would prefer the entire clickable area to be highlighted (darken effekt) like in module menu. In the left menu the Page-/List- ... Modules the clickable area will be darkened on mouse over.

I think we should only change the behaviour for all upper right toolbar menu's. Therefore I suggest to only change hover/focus highlight background color and any markup changing, if we change this even for Bookmarks, Help, User and Live Search.
