#### Description

By default a connection to any Redis host may take up an unlimited amount of time (or until PHP times out).

Especially with an external host which can suffer from network issues this leads to issues.

PHPRedis supports setting a timeout (in seconds) when establishing a connection, if the host is down the script shouldn't wait too long.

[BUGFIX] Implement connection timeout option for Redis backend

Allow an option for connectionTimeout to be set for the Redis cache backend

Resolves: #79966

Releases: master
