Description			
The method FormInlineAjaxController::synchronizeLocalizeAction() calls DataHandler::printLogErrorMessages() without its required argument.			
However, this would be perfectly fine since that argument is not used in that method anyways. For master and v9 this has been fixed recently through #82629 but at least this part should be applied to v8 too.

Revision 82482dbd - 2017-12-14 22:12 - Mathias Brodala

[BUGFIX] Drop unused DataHandler::printLogErrorMessages() argument

The argument can be safely dropped since it is not used in the method anyways.

Resolves: #83333
