[TASK] Remove dependency to extbase from reports module

Simplify the reports module by removing usage of extbase.

Resolves: #84231
Releases: master

Revision f09ad89e - 2018-09-07 18:59 - Christian Kuhn

[TASK] Protected methods in ReportController

There are only two methods in the report controller, calling them via call_user_function() does not make much sense. The patch simplifies the dispatcher logic and sets the two actions to protected.

Note this does not affect the extendability of the reports module itself.

Revision a471ed7c - 2018-09-19 15:34 - Christian Kuhn

[BUGFIX] Use module state of reports module

The reports module stores its latest action selection in

backend user uc and should select that action on next call again. This broke with the refactoring of #84231
