Description

using TYPO3 9.2 installed with composer.
when extension "documentation" is not installed or activated and error is shown when accessing backend.

Oops, an error occurred!
Unable to generate a URL for the named route "help_cshmanual" be

cause this route was not found.
More information regarding this error might be available online."

History

#1 - 2018-04-24 02:06 - Georg Ringer

- Status changed from New to Needs Feedback

can't confirm that - system caches cleared?

#2 - 2018-04-24 12:24 - Tymoteusz Motylewski

- Status changed from Needs Feedback to Closed

The error occurred after upgrading from 9.1-dev to 9.2
maybe it was related to sth else?
let's close it
