Description

The meaning of `weak` or `strong` is not clear in context, supportive display with colors (green, yellow, orange red) beside explanation would be useful.
See attached image.

Version 9.3

History

#1 - 2018-06-30 18:47 - Stephan Großberndt

- Description updated

#2 - 2018-07-01 15:40 - Christian Kuhn

"strong" and "weak" have a tooltip with a short explanation, and they explained in the docs that is linked in the top explanation. we decided against another color scheme for these two since it would easily collide with the red / yellow breaking / deprecation indicators. i tend to keep the solution for the time being.

#3 - 2018-07-27 20:48 - Georg Ringer

- Status changed from New to Closed

closed as description of Christian should be sufficient
