Description

Hello Core-Team,

edit an existing tt_content-record. Click button "New" at top. An empty form appears. At top you will see button "View". Press "New" again. Empty form appears, but button "View" is gone.

Problem maybe in typo3/sysex/backend/Classes/Controller/EditDocumentController.php makeEditForm()

At the second click there is no valid "\$this->editconf"

First "New click"

```
http://master.local/typo3/index.php?route=%2Frecord%2Fedit&token=ec7678932fc73717cb55ad6f42af36f455a06234&edit[tt_content][217]=edit&returnUrl=%2Ftypo3%2Findex.php%3Froute%3D%252Fweb%252Flayout%252F%26token%3Db0fdfef7c39ed7c3e0f12ba16b4da2a37ecfa6cb%26id%3D55%23element-tt_content-217
```

Second "New click"

```
http://master.local/typo3/index.php?route=%2Frecord%2Fedit&token=ec7678932fc73717cb55ad6f42af36f455a06234&edit[tt_content][-217]=new&returnUrl=%2Ftypo3%2Findex.php%3Froute%3D%252Fweb%252Flayout%252F%26token%3Db0fdfef7c39ed7c3e0f12ba16b4da2a37ecfa6cb%26id%3D55%23element-tt_content-217
```

The difference is between the vanillaUid (217 and -217)

#2 - 2018-09-06 14:20 - Susanne Moog

- Target version changed from 9 LTS to Candidate for patchlevel

#3 - 2018-09-08 12:07 - Riccardo De Contardi

I would suggest to remove the view button until the record has been saved (or disable it)
