Description			
Drag and drop is only for admins possible if use following TCA config: \$GLOBALS['TCA']['tt_content']['columns']['CType']['config']['authMode'] = 'explicitDeny'; \$GLOBALS['TCA']['tt_content']['columns']['list_type']['config']['authMode'] = 'explicitDeny';			

History

#1 - 2018-09-18 15:09 - Attila Glück

Typo3 v.8 is also affected.
With explicitAllow (on allowed content elements) works.

#2 - 2020-03-07 17:19 - Riccardo De Contardi

- Parent task set to #90674

#3 - 2020-03-26 10:04 - Susanne Moog

- Category set to Backend User Interface

#4 - 2020-03-26 16:38 - Susanne Moog

- Status changed from New to Closed

If you set the settings you mentioned you then need to allow the content types for the editor, as they are only allowed to modify (and moving is a modification) content that they are allowed to edit.

Just tested this again with your settings and allowing an editor content permissions and drag and drop works fine.
