

TYPO3 Core - Epic #86518

Cleanup TYPO3 Maintenance / Install Tool

2018-10-01 16:17 - Susanne Moog

Status: Closed	Start date: 2018-10-01
Priority: Should have	Due date:
Assignee:	% Done: 0%
Category: Install Tool	Estimated time: 0.00 hour
Target version: Candidate for Major Version	
Sprint Focus:	
Description As the install tool is no longer called "Install Tool" but "Admin Tool" we should start a full cleanup: - ENABLE_INSTALL_TOOL file - wording "Install Tool" vs. "Admin Tool" vs. rename to "System Management" or alike - cards should have "action" headlines (Change..., Configure...) - "Install Tool Password" When writing documentation, this gets really obvious as its pretty confusing for new users, to have three different names for the same thing.
