Description

The folder for localization files was moved in Composer-based installations in 9.5. This change was, however, not reflected in the code that renders the language selector for the backend user settings module.

Associated revisions

Revision 90d1e0eb - 2018-10-04 19:40 - Andreas Wolf

[BUGFIX] Only English shown as BE language in Composer mode

Using the legacy path for the l10n files folder does not work anymore in Composer mode, as the folder was moved into `var` there.
