Description

(originally posted in <https://github.com/FriendsOfTYPO3/introduction/issues/16>)

Shortcuts having a shortcut target are described with "shortcut to page (id=0)" in their tooltip in the page tree. For instance this can be reproduced using the introduction package and looking to "home" page which actually points to "congratulations" (pid=1).

Seems to be resolved by this one: <https://review.typo3.org/#/c/58616/>

#5 - 2018-11-01 15:51 - Riccardo De Contardi

I confirm that it is solved in current master

#6 - 2019-02-04 23:26 - Riccardo De Contardi

- Status changed from Accepted to Closed

I close this one as it is resolved in version 9 and higher.

If you think that this is the wrong decision, please ping me and I'll reopen it. Thank you.
