| <b>Description</b>   |             |                        |            |
| The search in the backend module "Workspace" returns no results.   |             |                        |            |
| Tested with current 8.7 (8.7.20-dev) and current master (9.5.1-dev). In latest 7.6 (7.6.30-dev) the search worked. |             |                        |            |

[BUGFIX] Make filter in workspace module work again

If no additional fields have been defined, the workspace module search should use default columns that are shown by TYPO3 Core.

Resolves: #86766

This patch works as is for 8.7 as well. You can apply the diff file via `cweagans/composer-patches` to your TYPO3 project.
