Description

If an editor has no access to the default language he cannot edit the translated content elements.

The error message is like:

```
Call to a member function getLanguageId() on null
```

This happens in connected mode and free mode in modules "Page" and "List".

[BUGFIX] Edit a translated record without def. language access

Editor without access to default language could not edit a translated content element, because there was an entry in available languages for index 0 with null
