Description			
When using the linkhandler feature to link to a record in the default language, the same link is shown on translated pages, even if the linked record was not translated. This leads to a 404 or similar error when following the link on translated pages.			
Thus at least for dedicated record links a check should be added to ensure such a link is skipped.

Revision ab9aa327 - 2021-12-23 16:20 - Mathias Brodala

[BUGFIX] Do not link to untranslated records

This only fixes the issue for dedicated record links. Page links with added query arguments can still lead to broken links.

Resolves: #87260
Releases: main, 11.5
