[!!!][TASK] Drop core 6->7 auto TCA migrations

The TcaMigration class to auto migrate existing TCA to new specs before it is cached has been added with core v7.

The patch now finally removes all migrations that changed core v6 compatible TCA to core v7 compatible TCA.

Resolves: #87335

Releases: master

Revision 3530e7fb - 2019-01-16 08:03 - Christian Kuhn

[!!!][TASK] Drop core 7->8 auto TCA migrations

Auto TCA migrations are now handled identical to core upgrade wizards: They are kept for two versions.

The patch thus removes all TCA auto migrations that applied if upgrading from v7 to v8 in current v10 master. Along other stuff, especially the old TCA 'wizard' stuff is no longer migrated to the new syntax.
