**Description**

the random unit test suite revealed a test that changes the state of the test environment.

typo3/sysext/frontend/Tests/Unit/Middleware/SiteResolverTest.php

it sets the locale (LC_COLLATE) to en-US without resetting it to the original state. This causes following tests to fail, if they rely on anything else.

[BUGFIX] Remove side effect of unit test

The class typo3/sysext/frontend/Tests/Unit/Middleware/SiteResolverTest manipulates the locale setting of the environment without restoring it. So following tests might get affected by this change and are not independent anymore.
