**Description**

**Prerequisites**

Typo3 v.9 or v.10

**Steps to reproduce**

1. go to list view
2. select a table with two or more items (I tested it with pages, content, fe\_users, be\_users, templates)
3. click on the icon of one item > bring the context menu
4. select delete
5. confirm the action

**Expected results**

- the item is deleted
- the list view is updated

**Actual result**

- the item is actually deleted, **BUT**
- it is still shown on the list view (the view is not updated - you have to click again on list module to see some difference)

**Additional information**

- No JavaScript error is thrown AFAICS
- The issue is absent on TYPO3 8, only affects 9 and 10.

### History

**#1 - 2019-08-23 23:14 - Andreas Fernandez**

- Related to Bug #87416: Page is not deleted through the context menu if the site has translations and the page was currently selected added

**#2 - 2020-03-21 00:23 - Riccardo De Contardi**

- Related to Bug #90791: Views are not updated after deleting records via context menu added

**#3 - 2020-03-21 10:46 - Riccardo De Contardi**

This issue is solved on 10.4.0-dev (latest master), I think with <https://review.typo3.org/c/Packages/TYPO3.CMS/+63811>

**#4 - 2020-03-24 20:18 - Benni Mack**

- Status changed from New to Closed
