#### Revision d8ad9f87 - 2019-08-30 12:56 - Anja Leichsenring

[FEATURE] Introduce site config import for distributions

Distributions or site packages can now ship their preconfigured site configurations in Initialisation/Site and see it moved into place upon extension activation.

#### Revision ad5c4282 - 2019-09-24 11:45 - Benni Mack

[TASK] Remove unused signal/slot in EM site setup

A new signal was added with <https://review.typo3.org/c/Packages/TYPO3.CMS/+/61554> which has no effect and with the provided information is not needed. If necessary, a new PSR-14 event should be invoked at that place.

The patch removes the signal again.
