Target version:		Complexity:	
TYPO3 Version:	10	Sprint Focus:	
PHP Version:			
Tags:	backend user, compare, dbmounts		

Description

In the new compare view of the backend user module all records e.g. be_groups, sys_category are featured with the context menu which allows direct editing. This is not the case for dbMounts.
For consistency this should also be possible for the dbMounts.
