Description

When running the PopulateSlugs update-script with the old "tx_realurl_pathcache" the query fails because it's being ordered by "uid". In the old table this was "cache_id", thus the query fails.
In case of the old table, the field "cache_id" should be used.

Associated revisions

Revision 712c24bc - 2020-05-19 11:46 - Riny van Tiggelen

[BUGFIX] Fixed order-by while querying old realurl table for slugs

The old tx_realurl_pathcache does not have a uid field, but uses the field cache_id. The order-by now uses a different field depending on the table.

Resolves: #90957

Releases: master, 9.5
