Description

When a non-admin user clicks on the contextual menu of a content by choosing "size" or "copy" and the page does not have permission number (3) "Edit page", paste record icon is missing.

Associated revisions

Revision 7077be75 - 2020-04-20 22:00 - Oliver Bartsch

[BUGFIX] Evaluate proper permissions on pasting content

The check if a user is allowed to paste content from the clipboard now evaluates the content modify and content edit permissions instead of the page edit permission. This is done in both PageLayoutView and the fluid based page module.

Resolves: #90961

Releases: master, 9.5

History

#1 - 2020-04-06 15:54 - Robert von Hackwitz

I think problem is in typo3/sysex/backend/classes/PageLayoutView.php line 1239 and following:

```
if (!empty($elFromTable) && $this->isPageEditable()) {
```

```

    $pasteItem = substr(key($elFromTable), 11);
    $pasteRecord = BackendUtility::getRecord('tt_content', (int)$pasteItem);
    $pasteTitle = $pasteRecord['header'] ? $pasteRecord['header'] : $pasteItem;
    $copyMode = $this->clipboard->clipData['normal']['mode'] ? '-' . $this->clipboard->clipData['normal']['mode'] : '';
    $addExtOnReadyCode = '
        top.pasteIntoLinkTemplate = '
        . $this->tt_content_drawPasteIcon($pasteItem, $pasteTitle, $copyMode, 't3js-paste-into', 'pasteIntoColumn')
        . ';
        top.pasteAfterLinkTemplate = '
        . $this->tt_content_drawPasteIcon($pasteItem, $pasteTitle, $copyMode, 't3js-paste-after', 'pasteAfterRecord')
        . ';';
    } else {
        $addExtOnReadyCode = '
        top.pasteIntoLinkTemplate = \'';
        top.pasteAfterLinkTemplate = \'';';
    }
}

```

Rendering of the icon depends on `$this->isPageEditable()`, perhaps it should be:

```

if (!empty($elFromTable) && $this->getBackendUser()->doesUserHaveAccess($this->pageinfo, Permission::CONTENT_EDIT)) {

```
