Description

As an editor, I want to see the selected language with label and flag.

AC:

- Selected language overlay in Page Module (Column View) is used

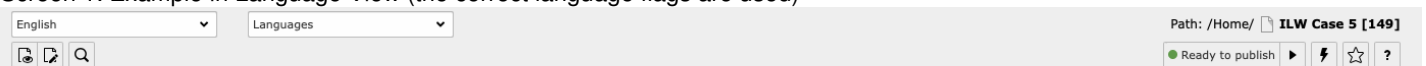

Preconditions:

- TYPO3 10.4 is used
- Default Lang and at least one Overlay is configured (in my Screenshots EN is default lang, DE is overlay)

Steps to reproduce:

- Create a new page
- Translate the page
- Switch to overlay language in Page Module (German in my example)
- Switch to Column View in Page Module (see PageModule-Lang-Columns-Wrong-Icon.png)
