Description

There is a small typo in CSH text for frontend groups (
https://github.com/TYPO3-CMS/frontend/blob/v10.4.1/Resources/Private/Language/locallang_csh_fe_groups.xlf#L66):

```
The access restriction in TYPO3 is assigned to these usergroups. When a page or other element is a
ccess restricted to a group, only Website users which are members or that group will be able to vi
ew the element on the website.
```

where part *members or that* should be *members of that*:

```

ccess restricted to a group, only Website users which are members of that group will be able to vi
ew the element on the website.
