### Description

In 9.5.17 when you create a form with the form wizard and you choose a finisher, the configuration is not visible.

I have chosen "E-Mail an Empfänger (Sie)".

It disappears from the list, but the configuration is not shown

## History

---

### #1 - 2020-05-13 16:07 - Michael Voehringer

- *TYPO3 Version changed from 9 to 10*
- *PHP Version changed from 7.3 to 7.2*

I have the same problem here and saw on Ajax request returns a error:

```
(1/1) #1298012500 TYPO3\CMS\Extbase\Mvc\Controller\Exception\RequiredArgumentMissingException  
Required argument "formDefinition" is not set for TYPO3\CMS\Form\Controller\FormEditorController->  
renderFormPage.
```

### #2 - 2020-05-13 17:18 - Samuel Heinz

Problem occurs only in TYPO3 10.4.2. Same finisher configuration works in 10.4.1 very well. Any breaking changes?

### #3 - 2020-05-14 07:18 - Henrik Elsner

Can confirm this issue for v9.5.17

### #4 - 2020-05-14 08:17 - Daxboeck no-lastname-given

There is some breaking patch in 9.5.17 and in 10.4.2 which should be reverted immediately.  
Breaking the forms system is not a small issue and should be dealt with high priority.

### #5 - 2020-05-14 08:24 - Daxboeck no-lastname-given

- *TYPO3 Version changed from 10 to 9*
- *Tags set to 9.5.17 10.4.2*

### #6 - 2020-05-14 08:25 - Daxboeck no-lastname-given

- *Is Regression set to Yes*

### #7 - 2020-05-14 12:36 - Christoph Werner

- *Target version changed from next-patchlevel to 9.5.18 & 10.4.3*

can confirm this for 9.5.17 too.

I've changed the target Version to "9.5.17 & 10.4.2 regression (temp)".

Can you please reference the "breaking patch" you mentioned? Thx

### #9 - 2020-05-14 13:02 - Oliver Hader

Besides that, is there any output to the JavaScript console or in server logs?

### #10 - 2020-05-14 15:37 - Lukas Rüegg

- *Tags changed from 9.5.17 10.4.2 to 9.5.17 10.4.2 8.7.33*

We can confirm the same problem in TYPO3 v 8.7.33 (ELTS)

### #11 - 2020-05-14 16:33 - Oliver Hader

In case this error occurs in the form wizard only, it is very likely related to invalid jQuery templates as mentioned in [#91367](#) - a patch is attached there as well. Please report back whether the problem is solve with [#91367](#) or whether there is another/new problem. Thx

### #12 - 2020-05-14 16:33 - Oliver Hader

- *Related to Bug #91367: TYPO3 9.5.17 error with ext:form and upload fields added*

**#13 - 2020-05-14 16:34 - Oliver Hader**

- Status changed from New to Needs Feedback

**#14 - 2020-05-14 16:56 - Ben Robinson**

Thanks a lot! I have just tested the bugfix 64479 manually under 10.4.2 and can confirm that this makes the finishers visible again.

**#15 - 2020-05-14 19:26 - Björn Fromme**

Same here. I wasn't able to apply the patch with the diff but changed the self closing tags in FinishersEditor.html as described manually. The finishers can be edited again in 9.5.17.

**#16 - 2020-05-14 20:13 - Oliver Hader**

- Related to deleted (Bug #91367: TYPO3 9.5.17 error with ext:form and upload fields)

**#17 - 2020-05-14 20:13 - Oliver Hader**

- Is duplicate of Bug #91367: TYPO3 9.5.17 error with ext:form and upload fields added

**#18 - 2020-05-14 20:14 - Oliver Hader**

- Status changed from Needs Feedback to Closed

Thanks for all tests and responses. Let's continue at [#91367](#) as tracking ticket.

**#19 - 2020-05-15 09:10 - Christian Hellmund**

- Has duplicate Bug #91410: Form Module doesn't show finisher after recent TYPO3 9.5.17 security fixes added
