Description

When a user publishes a workspace record to another stage, only the last user of the "Recipient list" will be notified by e-mail. Any further selection of Check-boxes will be ignored. The last user gets an e-mail no matter what.

One can add further recipients using the "Additional recipients" text field.

[BUGFIX] Send workspace notifications to selected recipients only

When a users sends a draft version to another stage a modal opens to let the user decide which users should be notified about this.

This patch ensures that only the selected persons will get an email. Prior to this only the last user of the list got an e-mail.
