Description

The language id should be handled as true integer. this is especially useful if linting is used for the yaml file.

Revision c7939b2e - 2020-10-08 08:16 - Georg Ringer

[TASK] Force integer for specific fields of site configuration

If the site config is saved through the site module the following fields are saved as integer instead of a string:

- `languageId` of a language item
- `errorCode` of an errorHandling item

This change makes it easier to lint the yaml configuration.

Resolves: #92510

Releases: master, 10.4
