Description

It must be ensured that iframes contain a description. The iframe #typo3-contentiframe is not described for example.

To describe the iframe, one of the following implementations should be applied:

- Add an aria-labelledby attribute and reference a visible element that describes the iframes
- add an aria-label attribute
- Add a title attribute

Associated revisions

Revision 34df0fc2 - 2020-10-21 18:05 - Oliver Bartsch

[TASK] Provide title attribute for iframes

All iframes must contain a description to allow screen readers to identify the content or purpose of them.

Therefore all iframes are now equipped with a proper title attribute, describing their content.

Resolves: #92646

Releases: master, 10.4
