<b>Description</b>			
The reference count in the form management counts sys_refindex records that are marked as deleted. In TYPO3\CMS\Form\Service\DatabaseService::getAllReferences there is no check for deleted = 0.			
You can reproduce this bug with the following steps:			
<ul style="list-style-type: none"><li>- Create a form</li><li>- Add a form content element and link the created form to it</li><li>- Check the form management module to see 1 reference</li><li>- Delete the form content element</li><li>- Check the form management module to still see 1 reference</li></ul>			
TYPO3 10.4.10
