Description

Context:

TYPO3 Integrator creates a simple redirect (Page A to Page B) with option "respect_query_parameters" = true. An user calls this source page (Page A) without a query parameter and gets a 404 page.

Solution:

typo3/sysex/redirects/Classes/Service/RedirectService.php only requires an extra condition to intercept this.

History

#1 - 2021-01-09 18:41 - Guido Schmechel

No issue. Just misunderstood the option.

#2 - 2021-01-11 06:42 - Andreas Fernandez

- Status changed from New to Closed

I closed this issue as there has been a misunderstanding.
