#### Associated revisions

##### Revision 7970143b - 2021-07-22 14:55 - Jochen Roth

[TASK] Make runTests.sh compatible with docker-compose v2

docker-compose.yml is now working with v2.0.0beta.  
Restored old behavior to retrieve the actual CORE\_ROOT path using "realpath" which also works on MacOS.

Resolves: #94612

Releases: master, 10.4, 9.5

#### Revision 20e7e865 - 2021-07-27 09:59 - Oliver Bartsch

[BUGFIX] Check whether realpath exists in runTests.sh

#94612 introduced the realpath command for retrieving the "CORE\_ROOT" path. This however leads to execution failures on MacOS systems, which did not manually install this command (as it's not installed by default).

To prevent the script from failing on default MacOS systems, a check for the existence of the realpath command is added. If not installed, the previous behaviour is used while displaying a short information.

Resolves: #94635
