[FEATURE] Introduce ModifyClearCacheActionsEvent

A new PSR-14 based event "ModifyClearCacheActionsEvent" is introduced in favour of the existing `$GLOBALS['TYPO3_CONF_VARS']['SC_OPTIONS']['additionalBackendItems']['cacheActions']` hook, which is now marked as deprecated, along with its interface "ClearCacheActionsHookInterface".

The new event features the same functionality as the hook. Additionally a new convenience method `add` is available for the class properties, allowing extension authors to add their custom actions more easily. This might be the most common use case for using this event.

Resolves: #95083
