[BUGFIX] Remove test data mangling in PHP 8.1 for SQLite

SQLite returns the correct type information now, so this workaround is not necessary.

As long as we are not on php 8.1 as min requirement, use a version check to disable the workaround for sqlite and php >8.1.

After 8.1 as minimum requirement the workaround method should be removed at all.

Resolves: #95153

Releases: master
