Description

When the Workspaces module is accessed in the LIVE workspace, the underlying code still tries to assemble a list of stages, although the LIVE workspace has none. To avoid downstream errors with undefined array keys, the code should be changed to return an empty list up front.

[BUGFIX] Return empty stages list in LIVE workspace

When accessing the Workspaces module in the LIVE workspaces, the underlying code tries to access the list of stages although the LIVE has none. To avoid downstream undefined key errors, return empty list up front.

Resolves: #95566

Releases: master
