[!!!][TASK] Remove sys\_language database table

The database table sys\_language has become obsolete with the introduction of site handling and site languages.

Therefore, the sys\_language database table and the corresponding TCA is now removed. Fixtures and tests are adjusted to no longer rely on this table.

Additionally, also a couple of code comments through the Core are adjusted.

Executed commands:

```
composer u typo3/cms-styleguide
```

Resolves: #96277
