Description			
It is sometimes very difficult to read the journal of changes for an issue, because there is no clear visual separation between individual entries.			
I suggest to add this snippet to /themes/TYPO3/stylesheets/application.css:			
<pre>div.journal h4 { background-color:#E0E0E0; border-top:1px dotted #C0C0C0; padding:0.4em; }</pre>			
You can try it out using firefox to preview how it would look like.
