

## TYPO3.Fluid - New & Unassigned

| #                   | Status | Priority    | Subject  | Category    | Target version | % Done |
|---------------------|--------|-------------|--|-------------|----------------|--------|
| <b>Bug (25)</b>     |        |             |  |             |                |        |
| 60856               | New    | Must have   | Target attribute not supported by the form viewhelper  | ViewHelpers |                | 0      |
| 57885               | New    | Must have   | Inputs are cleared from a second form if the first form produced a validation error                      |             |                | 0      |
| 49038               | New    | Must have   | form.select does not select the first item if prependOptionValue is used                                 |             |                | 0      |
| 40064               | New    | Must have   | Multiselect is not getting persisted   | ViewHelpers |                | 0      |
| 38369               | New    | Must have   | Resource ViewHelpers should not fall back to request package   | View        |                | 0      |
| 27607               | New    | Must have   | Make Fluid comparisons work when first element is STRING, second is NULL.                                | Core        |                | 0      |
| 45384               | New    | Must have   | Persisted entity object in widget-configuration cannot be deserialized (after reload)                    | Widgets     | 2.0.1          | 0      |
| 52419               | New    | Should have | Wrong PHPDocs notation for default value inline f:translate viewhelper                                   |             | 2.0            | 0      |
| 58983               | New    | Should have | format.date does not respect linebreaks and throws exception   |             |                | 0      |
| 58921               | New    | Should have | f:form.* VHs crash if NOT inside f:form but followed by f:form   |             |                | 0      |
| 54284               | New    | Should have | Default Option for Switch/Case VH  | ViewHelpers |                | 0      |
| 52591               | New    | Should have | The Pagination Widget broken for joined objects  |             |                | 0      |
| 49600               | New    | Should have | f:form tag shown as a HTML on frontend   | ViewHelpers |                | 0      |
| 39990               | New    | Should have | Same form twice in one template: hidden fields for empty values are only rendered once                   | Core        |                | 0      |
| 37619               | New    | Should have | Fatal Error when using variable in name attribute of Section ViewHelper                                  | ViewHelpers |                | 0      |
| 36655               | New    | Should have | Pagination Links   | Widgets     |                | 0      |
| 30937               | New    | Should have | CropViewHelper stringToTruncate can't be supplied so it can't be easily extended                         | ViewHelpers |                | 100    |
| 28554               | New    | Should have | (v4) implement feature flag to disable caching   |             |                | 0      |
| 28553               | New    | Should have | improve XHPProf test setup   |             |                | 0      |
| 28552               | New    | Should have | (v5) write ViewHelper test for compiled run; adjust functional test to do two passes (uncached & cached) |             |                | 0      |
| 28550               | New    | Should have | (v4) make widgets cacheable, i.e. not implement childnodeaccess interface                                |             |                | 0      |
| 28549               | New    | Should have | make widgets cacheable, i.e. not implement childnodeaccess interface                                     |             |                | 0      |
| 13045               | New    | Should have | Entity decode of strings are different between if-conditions and output of variable                      |             |                | 0      |
| 8648                | New    | Should have | format.crop ViewHelper should support all features of the crop stdWrap function                          | ViewHelpers |                | 0      |
| 3481                | New    | Should have | Use ViewHelperVariableContainer in PostParseFacet  | Core        |                | 0      |
| <b>Feature (23)</b> |        |             |  |             |                |        |
| 51100               | New    | Must have   | Links with absolute URI should have the option of URI Scheme   | ViewHelpers |                | 0      |
| 60271               | New    | Should have | Paginate viewhelper, should also support arrays  |             |                | 0      |
| 60003               | New    | Should have | Add required-Attribute to f:form.password  | ViewHelpers |                | 0      |

| #                | Status | Priority             | Subject   | Category    | Target version | % Done |
|------------------|--------|----------------------|---|-------------|----------------|--------|
| 51277            | New    | Should have          | ViewHelper context should be aware of actual file occurrence  |             |                | 0      |
| 46545            | New    | Should have          | Better support for arrays in options of SelectViewHelper  |             |                | 0      |
| 45153            | New    | Should have          | f:be.menus.actionMenuItem - Detection of the current select option is insufficient                  |             |                | 0      |
| 42397            | New    | Should have          | Missing viewhelper for general links  |             |                | 0      |
| 40081            | New    | Should have          | Allow assigned variables as keys in arrays  |             |                | 0      |
| 39936            | New    | Should have          | registerTagAttribute should handle default values   | ViewHelpers |                | 0      |
| 38130            | New    | Should have          | Checkboxes and multiple select fields should have an assignable default value                       |             |                | 0      |
| 36410            | New    | Should have          | Allow templates to send arguments back to layout  | ViewHelpers |                | 0      |
| 33215            | New    | Should have          | RFC: Dynamic values in ObjectAccess paths   |             |                | 0      |
| 31955            | New    | Should have          | f:uri.widget  | Widgets     |                | 0      |
| 9514             | New    | Should have          | Support explicit Array Arguments for ViewHelpers  |             |                | 0      |
| 4704             | New    | Should have          | Improve parsing exception messages  | Core        |                | 0      |
| 60181            | New    | Could have           | Caching mechanism for Fluid Views/Templates   | View        |                | 0      |
| 48355            | New    | Could have           | Assign output of viewhelper to template variable for further processing.                            |             |                | 0      |
| 36559            | New    | Could have           | New widget progress bar   |             |                | 0      |
| 30555            | New    | Could have           | Make TagBuilder more extensible   | Core        |                | 0      |
| 10472            | New    | Could have           | Fluid Standalone distribution   | Core        |                | 0      |
| 7608             | New    | Could have           | Configurable shorthand/object accessor delimiters   | Core        |                | 0      |
| 1907             | New    | Could have           | Default values for view helpers based on context  | Core        |                | 0      |
| 62346            | New    | Could have           | f:comment should have high precedence   | Core        | 3.x            | 0      |
| <b>Task (12)</b> |        |                      |   |             |                |        |
| 56237            | New    | Should have          | in-line (Condition)ViewHelpers should not evaluate on parsing                                       |             |                | 0      |
| 47669            | New    | Should have          | FormViewHelper does not define the default request method   |             |                | 0      |
| 45394            | New    | Should have          | Forwardport Unit test for standalone view   | View        |                | 0      |
| 43072            | New    | Should have          | Remove TOKENS for adding templates fallback in Backporter   | View        |                | 0      |
| 43071            | New    | Should have          | Remove TOKENS for adding fallback templates in B  |             |                | 0      |
| 42743            | New    | Should have          | Remove inline style for hidden form fields  |             |                | 0      |
| 32035            | New    | Should have          | Improve fluid error messages  | Core        |                | 0      |
| 10911            | New    | Should have          | Tx_Fluid_ViewHelpers_Form_AbstractFormViewHelper->renderHiddenIdentityField should be more reliable | ViewHelpers |                | 0      |
| 9950             | New    | Should have          | Binding to nested arrays impossible for form-elements   | ViewHelpers |                | 0      |
| 34309            | New    | Could have           | Unknown ViewHelpers cause exception - should be handled more graceful                               | ViewHelpers |                | 0      |
| 26664            | New    | Won't have this time | Clean up Form ViewHelpers   | ViewHelpers |                | 75     |

| #     | Status | Priority             | Subject                          | Category    | Target version | % Done |
|-------|--------|----------------------|----------------------------------|-------------|----------------|--------|
| 26658 | New    | Won't have this time | Make Form ViewHelpers consistent | ViewHelpers |                | 75     |
