

## Base Distribution - Issues

| #     | Tracker      | Status | Priority    | Subject  | Assignee            | Category           | Target version       |
|-------|--------------|--------|-------------|--|---------------------|--------------------|----------------------|
| 40896 | Task         | New    | Should have | Fix layout in "create account" setup step  |                     | Setup              | Sprint 10 (1.0 TP1)  |
| 41669 | Story        | New    | Should have | As team member, I want updated deployment working  |                     |                    | Sprint February 2013 |
| 44916 | Story        | New    | Should have | Explore: Usage of Touch Screens for Neos   | Patrick Broens      | Content Management | Sprint February 2013 |
| 44925 | Task         | New    | Should have | Change the styling of Blog Posts with Expose to match the current styling                              | Marc Neuhaus        |                    | Sprint February 2013 |
| 44957 | Story        | New    | Should have | Reliable clipboard and content element handles   |                     |                    | Sprint February 2013 |
| 44981 | Story        | New    | Should have | Rename Node Types to final names   |                     | Content Repository | Sprint February 2013 |
| 10506 | Story        | New    | Must have   | Minimalistic Media Browser (Files, Images, Documents)  | Christian Müller    | Content Editing    | 1.0 beta 1           |
| 13532 | Story        | New    | Must have   | Implement File Download Content Type   | Christian Müller    | Content Editing    | 1.0 beta 1           |
| 40336 | Story        | New    | Could have  | As a Site Integrator I want to see a list of rendering issues  |                     | Content Rendering  | 1.0 beta 1           |
| 44969 | Story        | New    | Should have | Document Two-Tree Localization Approach  |                     | Documentation      | 1.0 beta 1           |
| 44970 | Story        | New    | Must have   | Define Neos 1.0 API  | Robert Lemke        | Documentation      | 1.0 beta 1           |
| 44977 | Story        | New    | Must have   | TYPO3 Flow (Backend) speed optimization  |                     |                    | 1.0 beta 1           |
| 45021 | Work Package | New    | Should have | [WIP] [ASSIGNEE MISSING] Cross Browser Compatibility   |                     | Content Editing    | 1.0 beta 1           |
| 45037 | Task         | New    | Should have | [DEMOSITE] Link to be from frontpage   |                     | General / Project  | 1.0 beta 1           |
| 45099 | Story        | New    | Should have | As a user I want the Ui to handle an expired session correctly   |                     |                    | 1.0 beta 1           |
| 45217 | Work Package | New    | Should have | [WIP][Assignee missing] External & internal link support   |                     |                    | 1.0 beta 1           |
| 45310 | Story        | New    | Should have | Implement enhanced @position syntax known from TypoScript also in the property panel inspector editors |                     | Content Editing    | 1.0 beta 1           |
| 48238 | Task         | New    | Could have  | Alert user when logging out with unpublished nodes   |                     |                    | 1.0 beta 1           |
| 48271 | Task         | New    | Should have | General security   |                     |                    | 1.0 beta 1           |
| 48275 | Work Package | New    | Should have | TypoScript consistency   | Sebastian Kurfuerst | General / Project  | 1.0 beta 1           |
| 48278 | Task         | New    | Must have   | Add "Find" FlowQuery operation   |                     | General / Project  | 1.0 beta 1           |
| 48329 | Task         | New    | Should have | Remove leftover window.T3  |                     |                    | 1.0 beta 1           |

| #     | Tracker      | Status | Priority             | Subject  | Assignee | Category | Target version |
|-------|--------------|--------|----------------------|--|----------|----------|----------------|
| 48333 | Task         | New    | Should have          | Clean up Content/Application and Content/ContentModule   |          |          | 1.0 beta 1     |
| 48352 | Task         | New    | Should have          | Aloha loading does not always work reliably  |          |          | 1.0 beta 1     |
| 48367 | Work Package | New    | Should have          | [WIP] End-To-End Testing of Neos with Behat  |          |          | 1.0 beta 1     |
| 49014 | Task         | New    | Should have          | Detect prototype copying leading to a loop   |          |          | 1.0 beta 1     |
| 49951 | Task         | New    | Should have          | Node structure / layout  |          |          | 1.0 beta 1     |
| 49952 | Task         | New    | Should have          | Folder node types  |          |          | 1.0 beta 1     |
| 49954 | Task         | New    | Must have            | If a user is logged out redirect to login screen after failed AJAX request                                       |          |          | 1.0 beta 1     |
| 49957 | Task         | New    | Should have          | Selecting a parent element doesn't change the content breadcrumb   |          |          | 1.0 beta 1     |
| 49958 | Task         | New    | Should have          | Clicking the page reloads the inspector even if the page is already selected                                     |          |          | 1.0 beta 1     |
| 50385 | Task         | New    | Must have            | Folder node types  |          |          | 1.0 beta 1     |
| 8792  | Epic         | New    | Could have           | EPIC: Speed and Contentcaching   |          |          |                |
| 10508 | Epic         | New    | Must have            | EPIC: Roles / Security for BE and FE / Usermanagement  |          |          |                |
| 10509 | Epic         | New    | Should have          | EPIC: Workspaces and Publishing Workflows  |          |          |                |
| 10513 | Epic         | New    | Won't have this time | EPIC: System-Monitoring / Maintenance  |          |          |                |
| 12443 | Epic         | New    | Should have          | EPIC: performant Contenttargeting (personalisation)  |          |          |                |
| 40294 | Epic         | New    | Should have          | EPIC: Inline Editing Support (Links, Content Types, Plugin)  |          |          |                |
| 40297 | Epic         | New    | Must have            | EPIC: Basic Page Tree Operations   |          |          |                |
| 40298 | Epic         | New    | Should have          | EPIC: Design / Icons   |          |          |                |
| 40299 | Epic         | New    | Must have            | EPIC: Content Security (Workspaces)  |          |          |                |
| 40300 | Epic         | New    | Should have          | EPIC: Consistent UI Design (Bootstrap)   |          |          |                |
| 40301 | Epic         | New    | Should have          | EPIC: System Log Viewer / Audit  |          |          |                |
| 40302 | Epic         | New    | Should have          | EPIC: Account Profile  |          |          |                |
| 40306 | Epic         | New    | Should have          | EPIC: Content import from TYPO3  |          |          |                |
| 40307 | Epic         | New    | Should have          | EPIC: Custom View for Data Types   |          |          |                |
| 40308 | Epic         | New    | Should have          | EPIC: In-table editing for items in the Management View  |          |          |                |
| 40309 | Story        | New    | Should have          | As a system administrator I want to see a meaningful error message if the database has not been set up correctly |          |          |                |
| 40311 | Story        | New    | Should have          | As a user I want the UI to respect the lights-off principle  |          |          |                |
| 40320 | Epic         | New    | Should have          | EPIC: User Interface style and implementation guide  |          |          |                |
| 40322 | Story        | New    | Should have          | As a site integrator I can disable and enable imported sites   |          |          |                |
| 40323 | Story        | New    | Should have          | As an site integrator I can remove an inactive imported site   |          |          |                |
| 40324 | Story        | New    | Should have          | As a site integrator I can change the title, description & version of an imported site                           |          |          |                |
| 40326 | Story        | New    | Should have          | As an administrator I can create a new site package using an existing site as template                           |          |          |                |

| #     | Tracker | Status | Priority    | Subject   | Assignee            | Category | Target version |
|-------|---------|--------|-------------|---|---------------------|----------|----------------|
| 40328 | Story   | New    | Should have | As an administrator I can export selected parts of an existing site to a new site package                           |                     |          |                |
| 40331 | Story   | New    | Should have | As a Content Manager, I want to create multiple pages at once   |                     |          |                |
| 40332 | Epic    | New    | Should have | EPIC: Management view content editing   |                     |          |                |
| 40334 | Epic    | New    | Should have | EPIC: Module Overview Pages   |                     |          |                |
| 40335 | Story   | New    | Should have | As an Administrator, I want to run FLOW3 CLI commands in the Launch Bar   |                     |          |                |
| 40469 | Story   | New    | Could have  | (low prio) As a user I want to get redirected to setup tool if install is incomplete                                |                     | Setup    |                |
| 40473 | Epic    | New    | Should have | Bootstrap based login screen  |                     |          |                |
| 40618 | Story   | New    | Should have | [DISCUSS] As a user, I want to return to the last-used submodule when changing between main modules                 |                     |          |                |
| 40725 | Task    | New    | Could have  | display a message in login form if no account exists with a link to the setup.                                      |                     |          |                |
| 40764 | Task    | New    | Could have  | Check if we can remove the inject method in the<br>\\TYPO3\\TYPO3\\ViewHelpers\\ContentElement* ViewHelpers         |                     |          |                |
| 41085 | Story   | New    | Should have | As an integrator, I want to use the HTML5 "header" element for indicating titles in text                            |                     |          |                |
| 41087 | Task    | New    | Could have  | paste in section pastes AFTER section instead of at first element.  |                     |          |                |
| 41098 | Story   | New    | Should have | As a developer, I want a clean TypoScript package   |                     |          |                |
| 41099 | Story   | New    | Should have | As site integrator, I want a API reference for TypoScript objects   |                     |          |                |
| 41101 | Story   | New    | Could have  | As user, I want a well-working content editing (Bugfix Story)   |                     |          |                |
| 41103 | Story   | New    | Should have | As everybody, I want the new product name to be used inside Phoenix   |                     |          |                |
| 41107 | Story   | New    | Should have | As a user, I want a working demo site   |                     |          |                |
| 41108 | Task    | New    | Should have | test / update demo/integration server   |                     |          |                |
| 41114 | Story   | New    | Should have | As a user, I want to insert inline JavaScript in the HTML content elements  |                     |          |                |
| 41140 | Task    | New    | Could have  | Let client redirect to login page if inactivity timeout was reached.  |                     |          |                |
| 41152 | Story   | New    | Could have  | As a content editor, I want to use a page tree which fits into the overall UI                                       |                     |          |                |
| 41172 | Task    | New    | Could have  | Show button bar on hover with slight delay  |                     |          |                |
| 41355 | Task    | New    | Should have | activate link-clicking inside texts in preview mode   | Sebastian Kurfuerst |          |                |
| 41592 | Story   | New    | Could have  | As a backend user I want to have sensible error handling  |                     |          |                |
| 41670 | Story   | New    | Should have | as anybody, I want an updated flow and neos website   |                     |          |                |
| 41671 | Story   | New    | Should have | as developer, I want to make sure that jquery and ember is cleanly encapsulated and does not interfere with site JS |                     |          |                |
| 41672 | Story   | New    | Should have | as developer, I want to make sure that CSS is cleanly encapsulated (i.e. site CSS does not change the UI css)       |                     |          |                |
| 41673 | Task    | New    | Should have | add guide "tuning Flow Performance"   |                     |          |                |
| 41674 | Task    | New    | Should have | add guide "profile and debug Flow applications" -> maybe ask others to write that                                   |                     |          |                |

| #     | Tracker | Status | Priority    | Subject   | Assignee        | Category          | Target version |
|-------|---------|--------|-------------|---|-----------------|-------------------|----------------|
| 41679 | Story   | New    | Should have | As developer, I want to use packagist.org for all packages  |                 |                   |                |
| 41680 | Task    | New    | Should have | push all packages to packagist, with post-change hook   |                 |                   |                |
| 41686 | Task    | New    | Should have | ask community to convert Christians "Developing TYPO3 Neos Website" to tutorial in ReST   |                 |                   |                |
| 41687 | Task    | New    | Should have | ask community to convert Sebastians "Technical Overview to Neos" to documentation in ReST   |                 |                   |                |
| 41700 | Story   | New    | Should have | As a developer I want to have a reasonable test coverage for JavaScript   |                 |                   |                |
| 41702 | Story   | New    | Should have | As an integrator I want to configure read / write access to pages / sections  |                 |                   |                |
| 41787 | Task    | New    | Should have | change git repositories on git.typo3.org (FLOW3 -> Flow; Neos Name)   |                 |                   |                |
| 41821 | Task    | New    | Should have | discuss how documentation can be improved   | Berit Hlubek    |                   |                |
| 41850 | Story   | New    | Should have | As an integrator I would like to include default content styles from Neos   |                 |                   |                |
| 41852 | Task    | New    | Should have | Add default content styles inside the content elements package.   | Berit Hlubek    |                   |                |
| 41853 | Story   | New    | Should have | As an integrator I want an optimized setup  |                 |                   |                |
| 41855 | Task    | New    | Should have | Optimize the usability of the site creation wizard  | Berit Hlubek    |                   |                |
| 41856 | Task    | New    | Should have | Require the needed graphic modules for the site import and show a warning if the modules are not found  |                 |                   |                |
| 41858 | Story   | New    | Should have | As an integrator I want a complete feature set in TypoScript and EEL  |                 |                   |                |
| 41861 | Story   | New    | Should have | As any user I want a better usability of the backend UI   |                 |                   |                |
| 41872 | Task    | New    | Should have | Detect if symlinks can be created   |                 |                   |                |
| 41876 | Task    | New    | Should have | Make Neos UI work with Zurb Foundation (for example)  |                 |                   |                |
| 41877 | Task    | New    | Should have | Explore: Find a way to include Neos / Flow news via RSS   |                 |                   |                |
| 41878 | Task    | New    | Should have | extract package management to own package   |                 |                   |                |
| 41892 | Task    | New    | Should have | Set up an environment for the demo site plus the domain name: neos.demo.typo3.org   | Ben van 't Ende |                   |                |
| 41931 | Task    | New    | Should have | TODO: add the page properties in a more clever way, and only when being in backend...   |                 | Content Rendering |                |
| 42038 | Task    | New    | Must have   | Automatic save is not always in sync with content, content could be lost  |                 |                   |                |
| 42206 | Task    | New    | Should have | When a content element is hidden based on hiddenBeforeDateTime / hiddenAfterDateTime the hidden CSS should also be applied (so the element should be transparent) |                 |                   |                |
| 42216 | Task    | New    | Should have | Show at least some recognizable content of a node in the inspector panel. Now the header property is used which only works for headlines                          |                 |                   |                |
| 42220 | Task    | New    | Should have | "Uncaught ReferenceError: nextAnimation is not defined" javascript error on load (demo package)   |                 |                   |                |
| 42246 | Task    | New    | Must have   | Use same DOM hierarchy for logged in backend user and public and do not render content editing classes in public frontend   |                 |                   |                |
| 42248 | Task    | New    | Must have   | Move backend includes (JS and CSS) back to Neos package   |                 |                   |                |
| 42672 | Story   | New    | Should have | As everybody, I want no JavaScript loading issues (Bugfix story)  |                 |                   |                |
